

BONE & JOINT DISORDERS (1–40)

1. Osteoarthritis

Symptoms: Joint pain, stiffness, reduced movement, swelling

Related Diseases: Rheumatoid Arthritis, Cartilage Degeneration

2. Rheumatoid Arthritis

Symptoms: Joint pain, morning stiffness, swelling, fatigue

Related Diseases: Osteoarthritis, Autoimmune Disorders

3. Gout

Symptoms: Sudden severe joint pain, redness, swelling

Related Diseases: Hyperuricemia, Kidney Disease

4. Ankylosing Spondylitis

Symptoms: Chronic back pain, stiffness, reduced flexibility

Related Diseases: Spondyloarthritis

5. Psoriatic Arthritis

Symptoms: Joint pain, swelling, skin lesions

Related Diseases: Psoriasis

6. Septic Arthritis

Symptoms: Severe joint pain, fever, swelling

Related Diseases: Osteomyelitis

7. Osteoporosis

Symptoms: Bone weakness, fractures, back pain

Related Diseases: Vertebral Fracture

8. Osteomalacia

Symptoms: Bone pain, muscle weakness

Related Diseases: Vitamin D Deficiency

9. Paget's Disease of Bone

Symptoms: Bone pain, deformity

Related Diseases: Osteoarthritis

10. Avascular Necrosis

Symptoms: Joint pain, limited movement

Related Diseases: Hip Arthritis

11. Bone Fracture

Symptoms: Pain, swelling, deformity

Related Diseases: Osteoporosis

12. Stress Fracture

Symptoms: Localized pain, swelling

Related Diseases: Overuse Injury

13. Greenstick Fracture

Symptoms: Pain, swelling (children)

Related Diseases: Pediatric Fractures

14. Pathological Fracture

Symptoms: Fracture after minor trauma

Related Diseases: Bone Tumors

15. Malunion

Symptoms: Deformity, pain

Related Diseases: Fracture Healing Disorders

16. Nonunion

Symptoms: Persistent pain, instability

Related Diseases: Fracture Complications

17. Bone Tumors (Benign)

Symptoms: Swelling, pain

Related Diseases: Bone Cysts

18. Bone Tumors (Malignant)

Symptoms: Persistent bone pain, swelling

Related Diseases: Metastatic Cancer

19. Osteomyelitis

Symptoms: Bone pain, fever, swelling

Related Diseases: Septic Arthritis

20. Bone Cysts

Symptoms: Often asymptomatic, fracture risk

Related Diseases: Bone Tumors

21. Osteochondritis Dissecans

Symptoms: Joint pain, locking

Related Diseases: Cartilage Injury

22. Chondromalacia Patella

Symptoms: Knee pain, grinding

Related Diseases: Patellofemoral Syndrome

23. Patellofemoral Pain Syndrome

Symptoms: Anterior knee pain

Related Diseases: Chondromalacia

24. Joint Effusion

Symptoms: Swelling, stiffness

Related Diseases: Arthritis

25. Joint Contracture

Symptoms: Limited movement

Related Diseases: Immobilization Injury

26. Hypermobile Joint Syndrome

Symptoms: Joint instability, pain

Related Diseases: Ehlers-Danlos Syndrome

27. Ehlers-Danlos Syndrome

Symptoms: Joint hypermobility, pain

Related Diseases: Connective Tissue Disorders

28. Osteogenesis Imperfecta

Symptoms: Fragile bones, fractures

Related Diseases: Genetic Disorders

29. Rickets

Symptoms: Bone deformity (children)

Related Diseases: Vitamin D Deficiency

30. Slipped Capital Femoral Epiphysis

Symptoms: Hip pain, limp

Related Diseases: Pediatric Hip Disorders

31. Perthes Disease

Symptoms: Hip pain, limping

Related Diseases: Avascular Necrosis

32. Scoliosis

Symptoms: Curved spine, uneven shoulders

Related Diseases: Kyphosis

33. Kyphosis

Symptoms: Hunched back

Related Diseases: Osteoporosis

34. Lordosis

Symptoms: Excessive inward spine curve

Related Diseases: Postural Disorders

35. Spondylosis

Symptoms: Neck/back pain

Related Diseases: Degenerative Disc Disease

36. Spondylolisthesis

Symptoms: Back pain, nerve symptoms

Related Diseases: Spondylosis

37. Degenerative Disc Disease

Symptoms: Chronic back pain

Related Diseases: Herniated Disc

38. Herniated Disc

Symptoms: Radiating pain, numbness

Related Diseases: Sciatica

39. Sciatica

Symptoms: Leg pain, tingling

Related Diseases: Herniated Disc

40. Spinal Stenosis

Symptoms: Leg pain, walking difficulty

Related Diseases: Spondylosis
